Values

Summer 2009 is your time to visit ALASKA. Three Celebrity Cruise Ships will visit North America's Largest Glacier in the 2009 Alaska Season. Hubbard Glacier is the reigning beauty in Celebrity Cruises' Alaska, where the breathtakingly rugged splendor of the natural world meets the comfortable sophistication of a top-notch cruise. Guests on all three Celebrity ships that will sail in the region in 2009 will have the opportunity to gaze at the glacier, which is the only advancing glacier in Alaska. Hubbard Glacier is but one of the countless must-see sights in the region, and much of Alaska's coastal magnificence is featured in Celebrity's 2009 season there. Unique cruise tours will afford guests the opportunity to experience inland Alaska, the Canadian Rockies, and Whistler, British Columbia. Celebrity Cruises' Alaska 2009 is open for reservations now.

The Celebrity Infinity, Celebrity Mercury, and Celebrity Millennium will sail Alaska 2009, from a total of five ports. The season's cruise highlights include the following:

*Celebrity is offering the industry's first roundtrip Alaska cruise out of Los Angeles, with a 14-night roundtrip "Ultimate

CRUISE SHIPS cater to families...

Despite the rising cost of fuel, the economic situation, and the challenges that families face today, there is still an important value in cruising.

Now the CARNIVAL DREAM, the biggest cruise ship in Carnival Cruise Lines history, will begin a schedule of seven night Caribbean cruises on December 5th, 2009. The DREAM will offer alternating eastern and western Caribbean sailings, but there will be a slightly different theme than the typical island itinerary.

The DREAM will be catering to family vacations. This new vessel offers the biggest waterpark ever on any of the Carnival Line ships. They will have an indoor-outdoor entertainment area, and their day camps are expanding to cater to kids as well as teenagers. Also available will be two-level minigolf and game rooms, as well as expanded statements with bigger bathrooms.

Parents will find their niche too in the Serenity area, which offers sunbathing for adults, as well as an adult oriented spa and upscale dining.

Continued....

The Dream is the first in the Dream Class of ships, and has been under construction for two years. With a passenger capacity of 3,646 and room for 1,367 crewmembers, this will be the largest offering for Carnival Cruise Lines.

CRUISING NEWS AND VIEWS.....what else is new in the world of cruising? Disney Cruise Lines plans two new super liners beginning in 2011, replacing the smaller MAGIC and WONDER. Royal Caribbean Cruise Lines will offer the 160,000-ton FREEDOM OF THE SEAS in 2009, which will have capacity of 3,634 passengers.

There's always something new and exciting in the world of cruising. Let Ermisch Travel help you choose the sailing that is best for you. We offer an extensive library of multi-media information in order to select the cruise line and sailing for you and your
